

# Week 26 Day 2 - ngFileUpload

## What's New? What's Hot?

Google Hangout on Thursday with Matt Kremer from Ionic

## Review

Angular Form Validation, Ionic (any app projects?)

## ngFileUpload

<https://angular-file-upload.appspot.com/>

Repo: <https://github.com/danialfarid/ng-file-upload>

### **Simplified demo**

<http://dolthead.github.io/ngFileUpload-demo>

Repo: <https://github.com/dolthead/ngFileUpload-demo>

Adapted from [Adam Bull's blog post](#).

### **Features**

Validation of selected file(s)

Max file size

Accepted file types

Support multiple uploads

Drag and drop

Resize before upload

Capture (on mobile)

Shim for older browser support (uses flash)

## Exercise

Fork the ngFileUpload-demo repo on github

<https://github.com/dolthead/ngFileUpload-demo>
